

Dear Parent or Family Member,

In room 23 we are currently working on adding and subtracting fractions. To help support your child, we have created a fun, at-home activity for you to complete together. We appreciate your support, and know that you are always the first teacher!

*Sincerely,
Ms. Stuecklen*

Family Activity #2: Fractions Around Your Home

Fill in the fraction chart below by finding examples around your home. Fractions can be found in many places!

<i>Fraction</i>	<i>Example from home (draw or describe)</i>
$\frac{1}{2}$	
$\frac{2}{3}$	
$\frac{1}{3}$
